**\$250,000**

## Touchstone Annual Fund

Touchstone's readiness for the next 50 years depends on the growth and reliability of annual and unrestricted support from an ever-increasing number of individuals. Through the Anniversary Campaign, we welcome the participation of donors at all levels. These essential funds will be used to sustain current programs and operations and to address new areas of need as they arise. We'll make timely investments in our facilities while providing new and expanded opportunities for community engagement.
